کیا ہے؟ بیوی اور ان کے بچوں کی قلت ہے اور ان کی کوشش کا نتیجے کا ایک مثال ہے؟

1888 میں ہے، جب کہ 1889 میں ہے...
Islam, nowadays, is under the glare of the world, and is frequently targeted with vile allegations. However, those raising these allegations do so without studying any of Islam’s real teachings. Unfortunately, certain Muslims organisations due only to their vested interests have portrayed Islam in a totally wrong light. As a result, distrust has increased in the hearts of the people of Western and non-Muslim countries towards Muslims, to the extent that even otherwise extremely well-educated people make baseless allegations against the Founder of Islam, the Holy Prophet Muhammad (pbuh).

The purpose of every religion has been to bring man closer to God and establish human values. Never has the founder of any religion taught that his followers should usurp the rights of others or should act cruelly. Thus, the actions of a minority of misguided Muslims should not be used as a pretext to attack Islam and its Holy Founder (pbuh). Islam teaches us to respect the Prophets of all religions and this is why it is essential for a Muslim to believe in all the Prophets who are mentioned in the Holy Bible or in the Holy Qur’an, until and including Jesus Christ (pbuh). We are the humble servants of the Holy Prophet Muhammad (pbuh) and so we are deeply grieved and saddened by the attacks on our Holy Prophet (pbuh);
closely, we find that the foundation for another world war has already been laid. If after the Second World War a path of equity leading to justice was followed, we would not witness the current state of the world, whereby it has again become engulfed in the flames of war. As a consequence of so many countries having nuclear weapons, grudges and enmities are increasing and the world sits on the precipice of destruction. If these weapons of mass destruction explode, many future generations will never forgive us for having inflicted permanent disabilities upon them. There is still time for the world to pay attention to the rights of the Creator and of His Creatures.

I believe that now, rather than focusing on the progress of the world, it is more important, indeed it is essential, that we urgently emerge our efforts to save the world from this destruction. There is an urgent need for mankind to recognise its Creator as this is the only guarantor for the survival of humanity; otherwise, the world is rapidly moving towards self-destruction. If today man really wants to be successful in establishing peace, then instead of finding fault with others, he should try to control the Satan within. By removing his own evils, a person should present a wonderful example of justice. I frequently remind the world that the great enmities are increasing and war is erupting in the world, while in other parts the world is rapidly moving towards obliteration.

As you have an influential voice in the world, I urge you to also inform the wider world that by placing obstacles in the way of the natural values of humanity, the world is moving rapidly towards annihilation. This message needs to be conveyed further and wider than ever before and with much greater prominence.

All the religions of the world are in need of religious harmony. If the people of the world need a spirit with much greater prominence.

The meaning of the word 'Islam' itself means peace, love and security. There should be no compulsion in matters of faith is a clear injunction of the Qur’án.

From cover to cover, the Holy Qur’an teaches love, affection, peace, reconciliation and the spirit of sacrifice. The Holy Qur’an states repeatedly that one who does not adopt righteousness is far removed from Allah, and therefore, is far removed from the teachings of Islam. Hence, if anybody portrays Islam as an extreme and violent religion filled with teachings of bloodshed, then such a portrayal has no link with the real Islam.

The Ahmadiyya Muslim Community practises only the true Islam and works purely to please God Almighty. If any Church or other place of worship stands in need of protection, they will find us standing shoulder to shoulder with them. If any message resonates from our mosques it will only be that of Allah Great and that we bear witness that there is none worthy of worship except Him and Muhammad (pbuh) is the Messenger of Allah.

A factor playing a major role in destroying the peace of the world is that some people perceive that as they are intelligent, well-educated and liberate, they are free to ridicule and mock founders of religions. To maintain peace in society it is necessary for one to eliminate all sentiments of hostility from one’s heart and to increase one’s levels of tolerance. There is a need to stand in defence of the respect and reverence of each other’s Prophet. The world is passing through restlessness and unease and this requires that by creating an atmosphere of love and affection, we remove this anxiety and fear, that we convey a message of love and peace to those around; that we learn to live with ever greater harmony and in a way better than before; and that we recognise the values of humanity.

Today, small scale wars are erupting in the world, while in other places, the superpowers are claiming to try and bring about peace. It is no longer a secret that on the surface we are told one thing, but behind the scenes their real priorities and policies are unfortunate being fulfilled. Can peace in the world be established in such circumstances is the question. It is with regret that if we now observe the current circumstances of the world
